

# ONLINE – NEW MEXICO IBEX APPLICATIONS 2008 (valid until April 9<sup>th</sup>, 2008)

See us also at [www.kauffmanoutfitters.com](http://www.kauffmanoutfitters.com) - phone 575 430-4239 for assistance

*We seldom book to capacity, if you draw a tag we will probably be available to guide you!*

IMPORTANT: Do your on-line application **right away (April 9 deadline)** so that if your on-line attempt fails you have time to recover. Sometimes the Game & Fish website GOES DOWN as the application deadline nears. Although we are always happy to speak with you on the phone, these instructions guide you through the ibex application step by step and you need not contact us. New Mexico requires you to establish an on-line identification account. This account is simply an administrative and security procedure to expedite your application(s). If you applied last year, your account is still active and you can use it this year.

Go to the NM Game & Fish “Home Page” via: [www.wildlife.state.nm.us](http://www.wildlife.state.nm.us)

1. Click the “Click here to Apply\_Now” link.
2. If you have an account, “Log In” to it. If not, click “Not Registered”
3. Verify that your name appears after the “welcome” at the top of the screen.
4. Within the Main Menu click on “Draw Hunts”.
5. Read this screen then click on “Apply Now”.
6. Read this screen in its entirety. Then click “Create new Application”.
7. Click the “check box” in the yellow stripe, then click “Continue to Hunts”.
8. On the DRAW screen select the “April 9 5pm. Deadline”.
9. Click the “Species” drop down menu arrow and select “Ibex”.
10. In the “1<sup>st</sup> choice” row click the “Select Hunt Type” drop down arrow.
11. If you’ve not had a “once in a lifetime” ibex license click “Any Legal Weapon”.
12. Click the “Select Hunt” drop down arrow and select Hunt Code IBX-1-525.  
(do not choose the IBX-1-520 code – its bag limit is nannies and kids only)
13. If you are willing to hunt with a muzzleloader, click “Select Hunt Type” in the 2<sup>nd</sup> Choice row then choose Muzzleloader and then Hunt Code IBX-3-540.
14. At this point you could select the bow hunt as your 3<sup>rd</sup> choice. You should speak with us before doing that.
15. Ignore the empty box beneath the words “IBEX LICENSE NUMBER”.
16. Click “Save Application and Pay”, enter payment info and click “Purchase”.

Soon your screen will display a “Payment Receipt”. A similar document will be sent to your email address. Print one or both of these documents. From here you can click on “Draw Hunts” and apply for another species or you can click “LOGOUT” at the upper right corner of the screen.
